

PRIME Open Meeting: **EuroMouse II**

5–6 July 2007
Heathrow

EuroMouse is the second joint meeting of European research projects investigating the functional genomics of the mouse.

Aims of the Conference

To demonstrate the added value of supporting mouse functional genomics research at a European Level and debate priorities for the future direction of mouse functional genomics research in Europe.

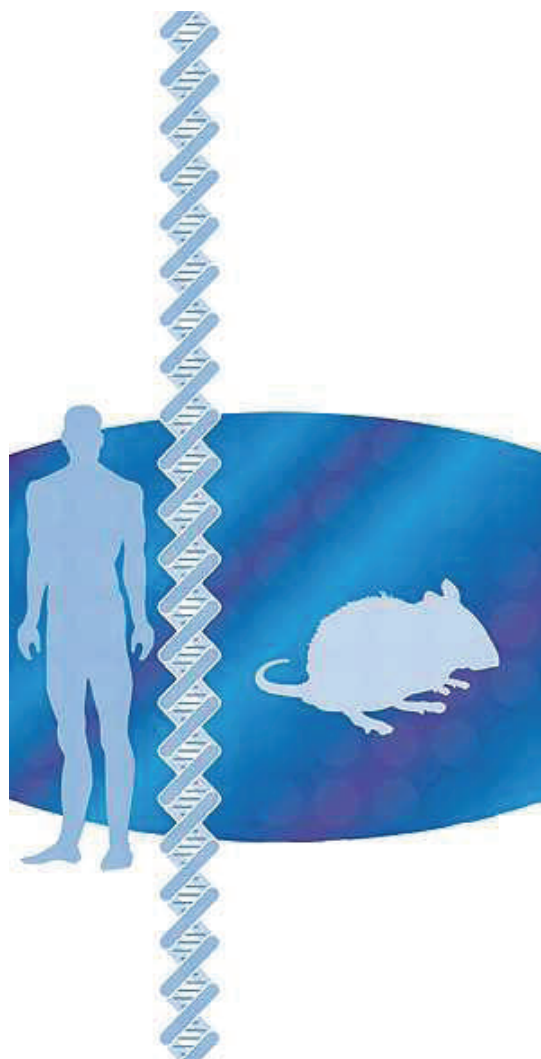

Day 1:

Focused presentations and discussions on priorities for mouse functional genomics

Day2:

EuroMouse project presentations
Integrating project databases
